We are getting into shape on our 11th day of camp, at the Gymkid To Discover, where we used treadmills, air bikes, walkers, trampolines and much more all especially made for us!

We got a chance play air hockey, basketball and use the sandbox. We had so much fun jumping and running and weight lifting. We really enjoyed a fun filled energized day.

After two exciting hours, we boarded the buses and returned to camp, we can't wait as the fun continues tomorrow, on our last day!
