### THE SWEETEST DAYS OF SUMMER!

# 2025

Another amazing day! Orange we glad about that!

We had made sensory dough with Sol, we mixed in orange color, orange extract, and we even grated in some orange zest. A beautiful scent filled the room. We each got to bring some of it home.

We did a fun orange themed craft. We crunched small pieces of orange tissue paper to create a cute wall decor.

Later we had a visit from Arkady of Du-Dance. Check out the pictures, he ensured that we all had a blast!

Last but not least we squeezed oranges and used the juice for a smoothie base. We got to choose from bananas, nectarines, strawberries and yogurt to create a delicious smoothie.

Can't wait for tomorrow!
