

Another great day was had by all.

We enjoyed a visit from Brendan. We were given different types of drums & shakers and we used those as Brendan taught us some drumming techniques. We had a blast!

After lunch we stepped outside to wash cars. We used soap, hoses, and sponges. It was a fantastic hot summer day activity. We then moved on to our next activity, we blew up huge coral shaped balloons and had a fun time seeing if we could cover them with shaving cream.

Looking forward to new "ADVENTURES" tomorrow.

Melissa ☺
