Marvelous Mishloach Manos..

Up to par with Otsar standards, the participants made exquisite

mishloach manos in honor of Purim. In it were several surprises. The

first was mugs which the participants designed. Each of us chose

colors. Creating a mixture of water with our chosen nail polish, we

dipped the mug in the water. Out came a dazzling marble design!

Miriam thought of the many things she can use the mug for. The

participants also made divine chocolate covered pretzels dipped in

sprinkles. **Gita** was spotted with a wide grin on her face. For extra measure,

we were delighted to find milk chocolate and sour belts inside the package. We

could hardly wait to dig right in. Here at Day Hab, we are truly "gifted" to have such

wonderful programming!!

Gifts Galore..

If you thought we had enough fun for the week, then you were mistaken! Wednesday brought along a day filled with gift giving, cheering and dancing. Muriel entered our Day Hab with a radiant smile, with fond memories of her previous visits at Otsar! Muriel treated the participants with masks to decorate. We all love coloring and each participant made a beautiful design. **Eddie J** designed a frog mask. Festive music was heard over the speakers. We took the cue and started dancing, hand in hand, joined by Muriel. We were then blown off our feet when we received yet another gift: Mishloach Manos! The excitement started to mount as Muriel went over to each participant personally and handed over the "backpack" of gifts. **Yaakov** peeked inside and was delighted to see candy. The participants felt like a million dollars, hearts warmed by this kind woman. We thanked Muriel profusely. We can't wait to share these beautiful mishloach manos with our family and friends!!

Kitchen Kurrent..

This week, our seasoned chefs were busy whipping up a storm in the kitchen. On Monday, we had nutritious fish, rice and vegetable salad.

Tuesday brought along pasta and cottage cheese. In the afternoon, we baked hamentashen. The participants had a rough time choosing between chocolate and jelly filling. The delicious aroma of our baking wafted

through Day Hab. Wednesday's menu was egg salad sandwiches. We topped it off on Thursday with homemade pizza, an Otsar favorite.

The lucky group of participants hammered away but their efforts surely paid off. We were all impressed with how flavorsome the food tasted. Thank you Otsar for ensuring we are well nourished with delectable food and snacks served on a silver platter!!
