We had such a fun day at Otsar!

May 31, 2026

We cannot believe that the year is almost finished! (Reminder (if you haven't already done so) to send in your MDC applications.

We had Jay daven with us and Sol worked on sensory projects!

It was so much fun to create a beautiful butterfly using different materials. Some simple toilet paper rolls, pipe-cleaners, and markers were all we needed!

Drumming was a blast! We got to play on the drums, dance, & sing. Mike let us play rhythms for our group and then our whole group tried it out together.

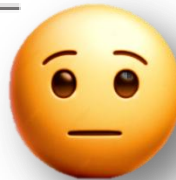

We cannot wait to see what is in store for next week!
