Trip to Brooklyn Bridge Park..

The sun was shining bright on Wednesday morning, matching our sunny moods. A fantastic trip was planned to Brooklyn Bridge Park!

We loaded the buses as fast as we could, eager to get there early.

The park was filled with children laughing as they played. Our groups

strolled on the pathway with the breathtaking Manhattan skyline in

the background. **Yelena** had a serene look on her face, enjoying the sea

breeze. **Yossi** was delighted to see large cargo ships passing by. We returned

to Day Hab with renewed appreciation for the magnificent world in which we live.

Stay tuned for an awesome trip coming up soon that will surely have you playing!

Science Experiment..

The participants smelled science and sure enough, they were right! On Tuesday, Fayge introduced an experiment involving colored water absorbing into paper towels. **Mark** was intrigued and jumped right in. The participants set up cups, alternating between red, yellow and blue water with empty cups in between. We then cut paper towels and dipped one side in the water and the other in the cup. **Gita** was fascinated to watch the color spreading on the towel. When the two colors met up, a new color was created. Blue and red mixed together makes purple! The participants then drew an image of the experiment. We colored in the circles with the identical colors used. We then sponged water on the circles and watched the colors magically blend. Thank you Otsar for preparing top-notch weekly activities!

Spotlight on Danny..

On Wednesday, we were honored to feature **Danny**. We learnt all

about his likes and interests. Danny's favorite activity at Otsar

is our weekly canteen; he waits all week for it. We learnt that

his favorite color is white. Danny's favorite food served at Otsar is

homemade pizza. Yum! The participants couldn't agree more. His beloved

friends include **Peryl**, **Bobby** and **Eshka**. During his spare time, Danny

enjoys going out to eat. He is also an avid Yankees fan. We cheered for

Danny, privileged to have him part of our family. Can you guess who's on

for spotlight next week?! Her name starts with a B!

Borough Park Library..

On Tuesday, the participants trooped to the Borough Park library.

We had a personal guide, Michael, who read us a book. We

were then given several choices of videos. The participants sat

spellbound as they watched their favorite characters come alive.

All too soon, it was time to leave. We are counting down the days

to our next visit!
