We had a great day at OTSAR today!

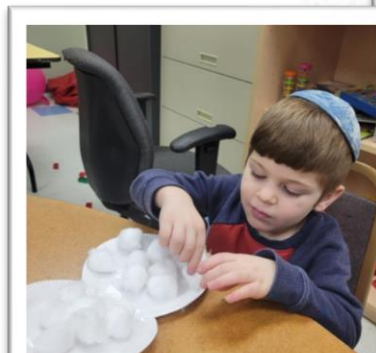

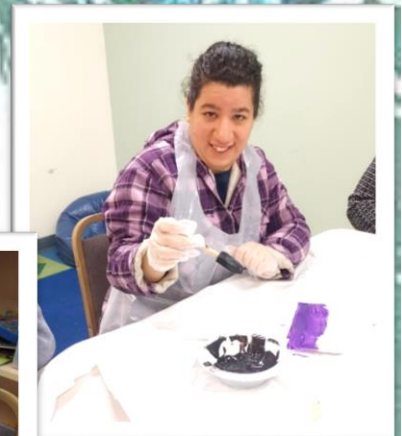

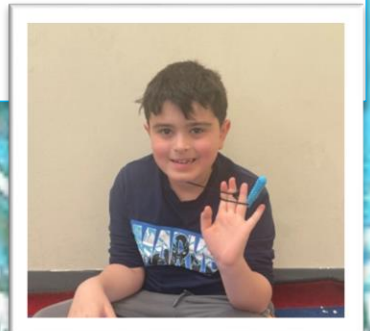

We started of the day with davening and movement. What fun it was to move around and shake out all of our energy.

We then started to create our adorable polar bear project. We made a beautiful background for our bear by painting lines of different colors and then we learned how to blend two lines together.

We enjoyed making slime with a few simple ingredients.

We had a great time with Sol learning about spirals and then decorating them. After we read a book together, Bonnie made adorable snowmen with us.

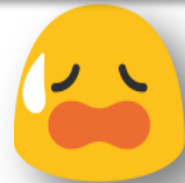

Looking forward to seeing everyone on 2/4.
