Today was a great day at Sunday Program!

We continued with our apple theme and made adorable apple projects.

First we traced and colored a tree trunk. Then we took real apples cut in half, we dipped them into paint, and stamped them around the trunk in green, yellow, and red. What a beautiful tree we created.

Bonnie came in to read with us, she brought along a huge pumpkin. We carved out the middle and scooped out pumpkin seeds which we planted in soil. Water these every day and let us know what grows.

We made apple "cores" out of a paper plate.

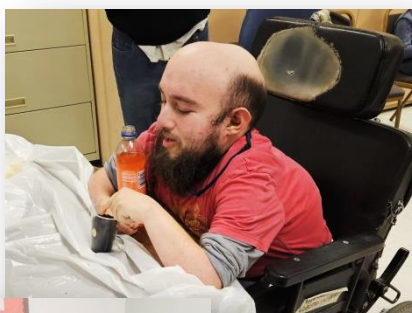

Each room got a fresh layer of bulletin board paper on the wall. We got to be creative and design our own Fall bulletin board.

We had an apple hunt in the yard. It was so much fun!

We are looking forward to next week.

Planting our
pumpkin
seeds.....

Sal is back!!!

Enjoying the outdoors while we can....
