February 8, 2026

The cold did not stop us at OTSAR.

We had an amazing day!

The minute we got off the bus we started the fun.

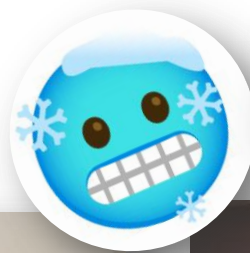

We made a fun craft of ourselves in the snow. What fun it was to cut out a picture of ourselves and pretend that we were on top of a snowy hill.

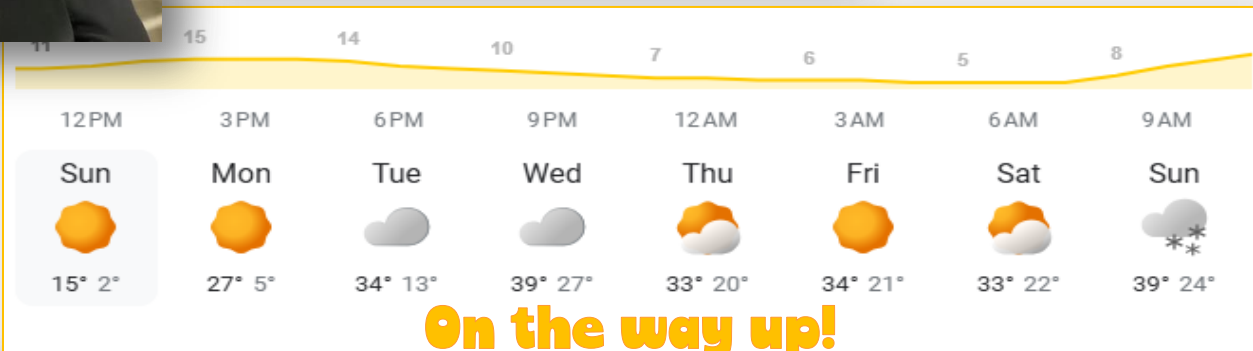

We continued the day with drumming with Rob and had a great time dancing and singing along.

What fun it was to decorate cupcakes like snowmen and even eat one before we left back home!

We had sensory with Sol which was so much fun!

Can't wait to see you soon!

On the way up!
